About us

values and cultures

- 1 - **Deep Learning:** Real understanding, no plagiarism.
- 2 - **Mutual Respect:** Everyone has something to offer.
- 3 - **Growth Together:** We move forward together.
- 4 - **Privacy and Trust:** Members' data is protected.
- 5 - **Transparency:** All activities are well-documented.
- 6 - **Future Focused:** Our eyes are on tomorrow's tech

vision for the future

@COD3R2 is more than a community. It is a future innovation powerhouse. With time, commitment, and resources, it aims to:

- Develop open-source software and operating systems
- Build robots, AI systems, Smart IoTs and autonomous tools etc...
- Create funding pipelines to support bold member ideas
- Establish physical labs or incubators
- Become a global reference in student-founded tech community
